Majors to Play Exhibition Games

Acma-Ize Big Leaguers Have Arranged For About 50 Spring Training Games-Schedule To Open March 11 and Close April 10.

Although considerable opposition developed last spring among certain of the big learner magnates against the playing of ante-season interleague games the agitation appears to have had little effect for more contests of this class have been scheduled for the next two months than was the case in 1916. A year ago the various clubs of the two major leagues met in more than was the case in 1916. A year ago the various clubs of the two major leagues met in more than what close to fifty have all ready been announced for the coming campaign with several clubs yet to make public their plans in this direction.

As a preliminary to the pennant races of last year the big circuit teams met in thirty-nine games either interleague or interclub with the result that the National League clubs won twenty-four American League clubs won twenty-four American League combinations fifteen. The senior organisation piled up a total of 359 hits and 125 runs. In errors the American League players made a slightly better showing, the final analysis crediting skyty-one to the Nationals and fifty-eight to the American League playing with the greatest with Brooklyn in the National and Boston and New York in the American League playing with the greatest with Brooklyn in the National and Boston and New York in the American League Diaying with the greatest sumber of contests. The New York Glants and the Boston Braves are sectoned in the National while Detroit holds a similar position in the American League. Yale made a clean sweep of the wrestling matches with Columbia Sat. urday night, winning all of the bouts in rather easy fashion. In only one class the 115 pound did the bout go the limit, Rosenweig of Columbia giving Kahler of Yale a lively match, but the Yale man won the decision.

Gardner, the hitherto unbeaten Columbia star, lost two matches, one to Potter in the 162 pound class and the other to Lowry in the 175 pound class. The go with Lowry was the best of the evening. Ex-Capt. Balbridge had an easy time with Columbia's heavyweight, throwing him in 3 minutes and 5 seconds.

The summary:

115 pound class—Kahler, Yale, won from Rosenweig, Columbia, on decision.

THRILLING GAME aftville Defeated Jewett City by a Score of 15 to 12.

12. The game was fast and furious all the way through-on account of the intense rivalry existing between the two teams for years. Every man on both teams played up to their highest standard, which was the cause of the low and close score. The lineup:

OVERTIME GAME

St. Nick's Put Up Stiff Fight But Lost.

After a bit over eight minutes of hard fought battling in an extra hockey period Yale succeeded for the second time this season in defeating the St. Nicholas seven at the New Haven Arena Saturday night 3 to 2. The game was by far the most bitterly contested affair seen on the local ice and it was only when the visting defence weakened that the victory came to the Eli men.

Both sevens showed great team work, both in defence and offense and neither side found it easy to carry the puck any distance. The shift made in the Yale lineup seemed to have done it good and the men in their new positions worked well. The stickwork was especially fine, both teams using every trick in the trade to try to score. The lee was in perfect condition and the men found little difficulty in exhibiting their speed.

HIGH SCHOOL GIRL

Run-down, Weak and Nervous-Made

Run-down, Weak and Nervous—Made
Strong by Vinol.

For the benefit of Norwich school girls who overwork and get into highly nervous, weak and run-down condition, we publish this letter from Dorris Copiler, of Forth Worth, Tex.—

"I go to the high school and take music lessons, and became run-down, weak and very nervous, so I could not do anything. I would shake all over and could have screamed at times, and was really unfit to keep on with my studies. Mother purchased a bottle of Vinol for me and within a week I was better, and in two weeks I had gained five pounds and felt fine."

It is the curative, strengthening elements of beef and cod liver peptones, aided by the blood-making, revitalizing effect of iron and manganese peptonates and glycerophosphates, contained in Vinol, which made it so successful in building up health and strength and overcoming the nervous condition of Miss Copiler, and we ask every school girl in Norwich who is in a like condition to try Vinol, on our guarantee to return their money if it fails to benefit.

Broadway Pharmacy, G. G. Engler, Proprietor, Norwich. Vinol is sold in Williamatic by the Wilson Drug Co., in Danielson by the A. W. Williams Pharmacy, and in Putnam by J. F. Donahue. Also at the leading drug stores in all Connecticut towns.

FINANCIAL AND COMMERCIAL

SATURDAY'S MARKET. Dull Because of Complicated Interna-

New York, Feb. 10.—Business on the stock exchange today dwindled to the insignificant total of 182,000 shares, owhich U. S. Steel and a few other favorities contributed almost 40 percent. Next Monday's holiday and the complicated integrational situation and complicated integrational situation and the statement of the statement complicated international situation accounted largely for the extreme apath; The tone was irregular throughou Steel and a few war specialties, a well as some of the high grade rails evincing a fair degree of strength, thi being more than neutralized, however

by the heavy to weak tone of special ties and utilities. People's Gas sup plemented its recent break with a fur ther loss of almost 6 points, Air Brake dropped 6 points, Bethlehem Steel 4 Saxon Motors 13, Barrett company 3-4, and American Agricultural Chemical pfd, 3. Shippings were strong, regardless of the embarrassment which threatens the general export trade in consequence of the embargo on outbound freight cre-ated by the German submarine menace

Coppers were active and generally higher, presumably in response to the excellent statements of earnings for the final quarter of 1916 submitted by Utah and Chino companies. Declines in some of the equipments already mentioned were offset by firm-ness in Central Leather, American Lo-comotive, American Zinc, International Nickel and Industrial Alcohol. U. S.

 Steel made an extreme and net gain of 1 3-8 points at 105 1-2. The bank statement was the most noteworthy exhibit in many weeks, actual loans showing the enormous contraction of \$79,603,000 and net demand deposits a decrease of \$104,514,000. These unusual changes are a direct reflection on the pronounced falling off in market operations, as well as the probable consummation of recent important financial undertakings.

Weekly reports of the mercantile

Weekly reports of the mercantile agencies denote a continuance of activity tempered by hesitation arising from foreign conditions,

The bond market was irregular, with total sales (par value) aggregating \$1,770,000. All United States and Panama bond lastes were lower by 3-4 to 1 1-2 per STOCKS.

Where LIBERTY dwells. there slavery cannot be. ABRAHAM LINCOLN

Lincoln was right. The hardest day's work is easy if you're smoking and chewing good old LIBERTY long cut tobacco.

Connecticut is full of LIBERTY-loving folks. They know that LIBERTY tobacco is worthy of its name - because it cheers and comforts them, and adds to their happiness.

Another reason this tobacco is called LIBERTY—it's free from stems and ends-all good, clean, genuine Long Cut Kentucky leaf. That's why it smokes so mellow and chews so tasty.
